Welcome to the College of Alice & Peter Tan!

From eFOC, to moving in, to meeting your new neighbourhood friends and zone neighbours- CAPTains have been busy orienting themselves into the university and college life.

Here's a look at the events that took place in Week 0, and those that you can look forward to in Week 1.

WEEK 0 RECAP

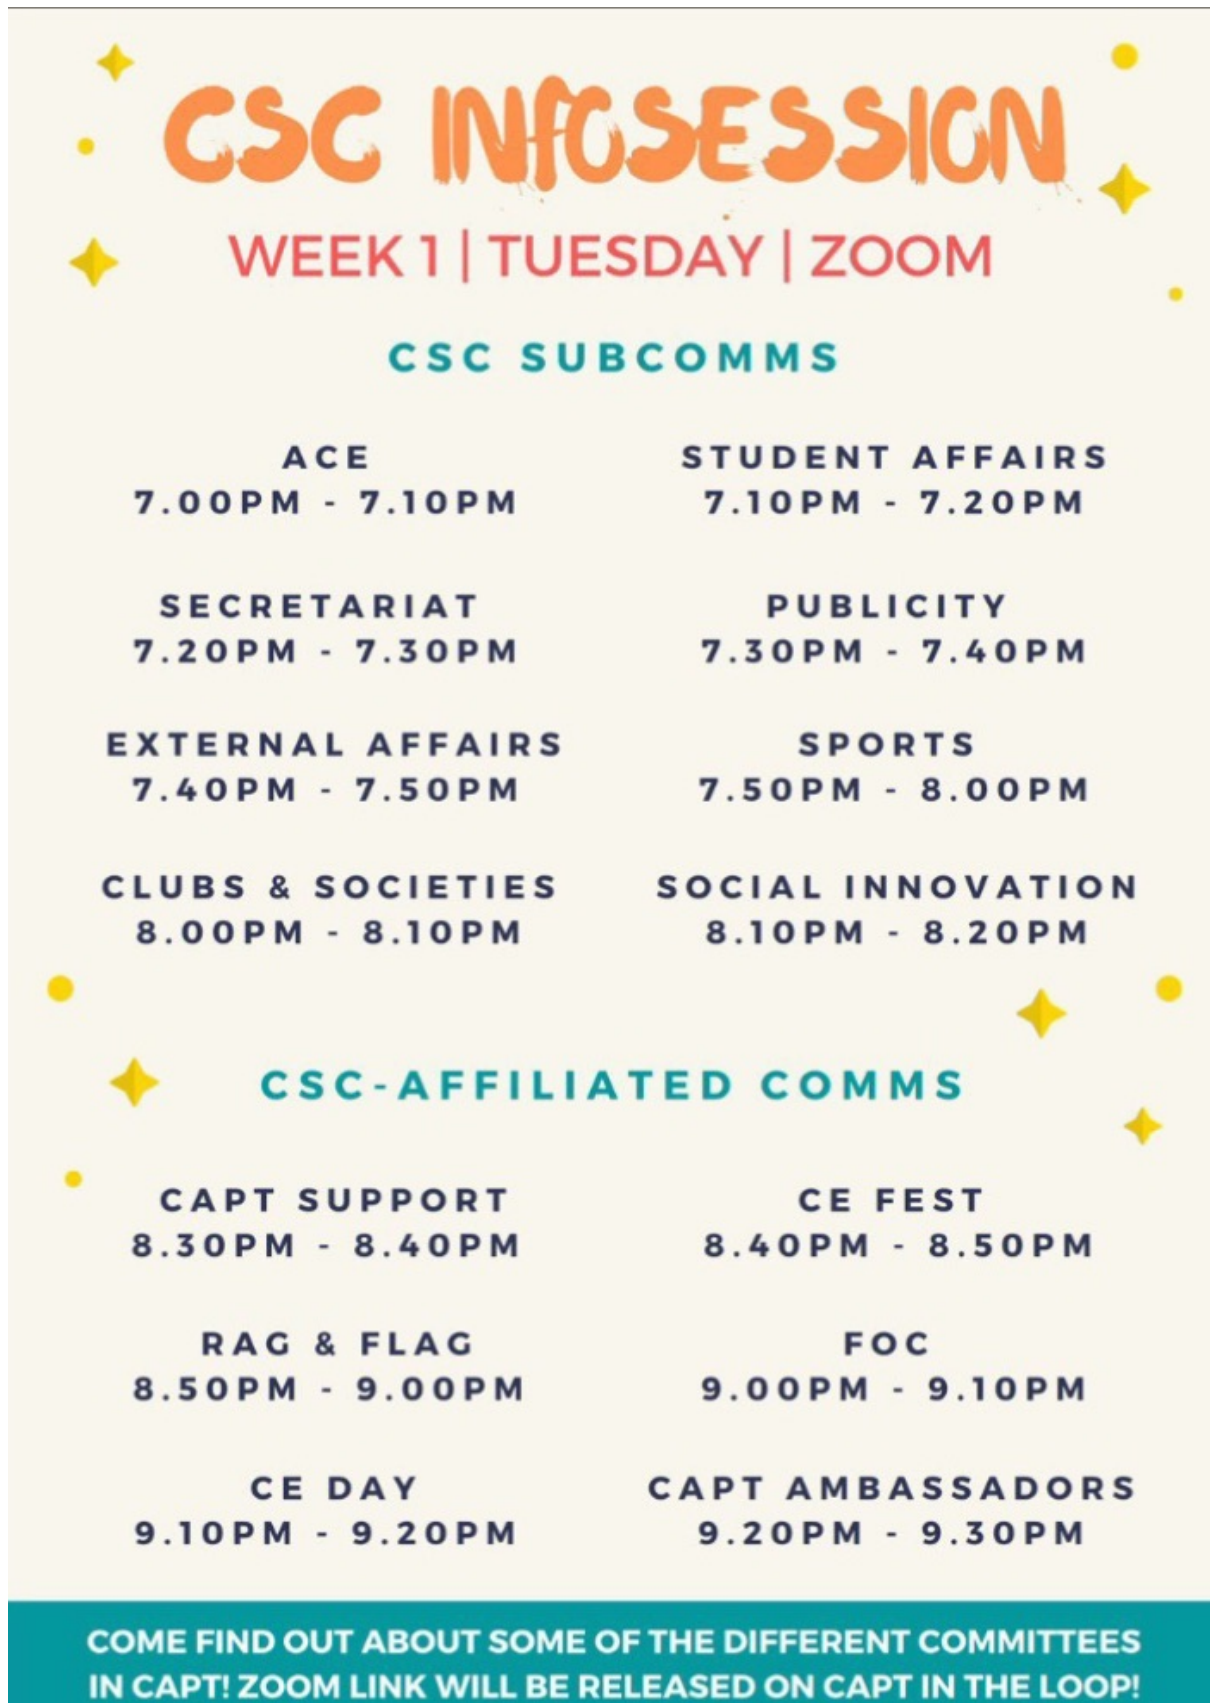

Neighbourhood Night brought CAPTains from each of the 5 houses together in activities organised by House Heads. Through bonding talks on Zoom, games that sent freshmen exploring their zones, and even special drinks and refreshments prepared by members of the house and residential fellows, the neighbourhoods grew even closer (while observing social distancing).

Faculty Night and the Level Bonding were held on Thursday. These two consecutive events saw seniors and freshmen gather firstly over Zoom, and then in lounges or to talk about their schools and majors, as well as enjoy food from the beloved supper spot Al Amaan's (or other choices by each floor's RAs). Organised by the Student Affairs Committee, it ushered all residents back to a new school year after a long week of moving back in and getting back into the school spirit.
